# Connect to the WiFi

If you are a student or researcher the best option is to use the wifi network Eduroam.

Otherwise the easiest way is via the free wifi of the city of Verona ((freewifi@verona)).

Procedure:
1. Download and install on your smartphone the app "Verona SmartApp"

2. Perform the registration by following the instructions of the app.
3. Now, to use the Wifi on your Laptop, connect to the WiFi ((freewifi@verona)).
4. Open a Browser (you may be asked to login first). You should see this:

5. Click on the QR Code symbol on your laptop.
6. Now, using the app of your smartphone, choose "Wi-Fi" and the function "Connetti il tuo PC". You see a page with indications, press "Scansiona QR Code" at the bottom of the page. You will need to scan the QRcode on the screen of the laptop to start browsing.

7. Happy Browsing!
