## Sustainable Mobility to the Workshop Venue

The event will be held at [Santa Marta](#), a historic former military facility in Via Cantarane 24. Centrally located and accessible by local public transportation and eco-friendly options, Santa Marta is ideal for attendees interested in sustainable travel.

The workshop venue is served by urban bus lines ([ATV](#)) 11, 12, 13, 51, and 52, with a stop just a few steps from the entrance. These lines provide easy access to Verona's main railway station, Porta Nuova, while the Porta Vescovo train station is just a 10-minute walk from the venue.

Additionally, Verona offers a bike-sharing system ([VeronaBike](#)), with several stations near Santa Marta and throughout the city, making it easy to explore Verona sustainably.
